### LOGISTICS

Our proven expertise in procurement, warehousing, distribution and freight management can help you keep your supply chain - and your business - moving.

In Poland, our extensive experience of partnering with highly demanding global brands combined with our uncompromising approach to managing food quality and safety set us apart in the market.

Our customers benefit significantly from our innovative business model. With 100% transparency on costs, it gives them complete freedom to select the best products from the best suppliers at the best price.

Customers also benefit from our detailed understanding of the unique challenges associated with doing business in Poland. We know, for example, that recruiting top quality people to work in the Polish restaurant sector is particularly difficult. In response, we take total control of our customers' logistics, leaving their front-of-house staff to focus on serving their guests, reinforcing their brand and growing their business.

From sourcing and importing to warehousing and distribution, our customers trust us to deliver the HAVI promise on time, every time.

### PACKAGING

HAVI provides strategic and operational expertise to ensure that our customers' packaging supports the optimal movement of their products through the supply chain. We take a holistic view, determining how packaging can support a customer's strategic goals from concept development to production to the market and through end of life. In Poland, we manage packaging supplies at 369 restaurants for the leading global quick service restaurant brand.

### RECYCLING & WASTE

In line with global trends, Polish consumers are demanding more from companies when it comes to acting responsibly towards the environment. Drawing on HAVI's global expertise, our teams in Poland are ideally positioned to respond to people's growing concerns. Worldwide, HAVI provides end-to-end waste management solutions that drive savings and unlock revenue while promoting sustainable business practices.

### SUPPLY CHAIN MANAGEMENT

Our talented Supply Chain Management experts partner with our customers to understand their business objectives, then deliver a suite of right-sized solutions designed to meet those objectives. We know that our customers' primary focus is always on their own customers. Accordingly, our procurement and planning specialists use their expertise to ensure that our customers never run out of the product their customers want to buy. We also handle all the operational issues associated with managing promotions.
